SUMMARY

Frontend Developer with 2+ years of experience specializing in building and optimizing user-centric, responsive web applications using React.js. Proficient in Git for version control and collaboration. Adept at integrating APIs, state management, and creating reusable components to deliver seamless user experiences.

WORK EXPERIENCE

Aadrika Enterprises, Ranchi, Jharkhand

04/2023 - Present

- **Frontend Development:** Built responsive UIs using **React.js** and **Tailwind CSS**, enhancing accessibility and user experience.
- **Component Design:** Created reusable components and custom hooks to speed up development.
- **UI/UX Implementation:** Ensured pixel-perfect, responsive layouts in collaboration with designers.
- **Akola Projects:** Developed modules for the **Water User Charges System** and **Hoarding Management** for Akola Municipal Corporation, using **React**, **Formik**, and real-time validation.
- **JUIDCO Projects:** Contributed to systems for **Fines Collection**, **Ad Management**, **Pet Registration**, and **Data Dashboards** across Jharkhand.
- **Optimization:** Applied techniques like **code splitting** and **lazy loading** for performance improvements.
- **Team Collaboration:** Worked with cross-functional teams using **Git** for version control and workflow management.

TECHNICAL SKILLS

- **Frontend Technologies:** React.js, JavaScript, HTML, Tailwind CSS
- **Version Control:** Git, GitHub
- **Other Skills:** Responsive Web Design, Debugging

PERSONAL PROJECTS

Firepad   Completed

Building a collaborative platform called **Firepad** for real-time data sharing and editing using **React.js** and **Node.js**.

- Real-time collaboration.
- Responsive UI with **Tailwind CSS**.
- https://aadrikainfomedia.com/firepad

RO Service Ranchi   Completed

Developed a service booking platform for RO installation and repair requests in Ranchi using **React.js**, **TypeScript**, **Tailwind CSS**, **Node.js**, and **MongoDB**.

- Users can book new RO installations or raise repair requests online.
- Real-time form handling and service request tracking with a responsive UI.
- https://roserviceranchi.com

Portfolio Website   Completed

Developed a personal portfolio website to showcase my skills, projects, and experiences using **React.js** and **Tailwind CSS**.

- Optimized the website for faster load times and mobile responsiveness.
- https://chandankumar728.github.io/MyPortfolio
